BRIGHTON COLLEGE

Executive Summary

Brighton College Bangkok Vibhavadi is a dynamic and exciting school looking for an enthusiastic and passionate Head of Maths to start in August 2027. The successful candidate will play a key role in the teaching of Maths at Key Stages 4 and 5, as Brighton College Bangkok Vibhavadi seeks to become one of the region's leading all-through schools (from Pre-Nursery to Year 13).

This is a unique opportunity to join an exceptional and hard-working team with the united goal of ensuring that every child reaches their potential both academically and socially, by pushing boundaries and broadening horizons. Our expectation is that leaders at the College will show a desire to collaborate, inspire and develop their Department, demonstrating the highest standards in terms of leadership, organisational and pedagogical skills with a willingness to contribute to the rich co-curricular life of this busy school.

The Head of Maths will lead and manage the day-to-day teaching and learning in their department. S/he should be a highly creative practitioner, an adaptable and innovative leader, a good motivator, communicator and administrator, and should be capable of managing key aspects of an expanding and high-profile British International School. They should be able to provide professional leadership and guidance on academic matters to enable the effective development of the subject area, its staff and pupils.

In August 2025, Brighton College Bangkok Vibhavadi

opened its brand-new, state-of-the-art facilities, providing an exceptional environment for teaching and learning. This marked the beginning of an exciting new chapter for the school and its growing community. At this stage, more than 450 pupils from Pre-Nursery to Year 13 moved into the new facilities. As part of this transition, St Stephen's International School was renamed Brighton College Bangkok Vibhavadi, reflecting a strengthened alignment with Brighton's educational vision and values.

The school continues to embrace an "East meets West" international outlook, nurturing globally minded and respectful leaders. These principles align closely with Brighton's core values of kindness and social responsibility, ensuring continuity of ethos while offering enhanced opportunities within a world-class learning environment.

The candidate appointed to this role will be expected to teach across all Key Stages. Current teachers should be able to demonstrate a strong track record of delivering top academic results at GCSE/IGCSE and A-level. This position represents a career-defining, professional challenge for a current teacher, who is excited by the opportunity of working in a growing school. The Head of Maths should also be enthused by the opportunities for both teacher and pupil collaboration between the Brighton sister schools. As with all Brighton College teaching posts, the successful candidate will share our aim of developing well-educated, respectful, and curious young men and women ready to take a full, active and positive role in the world.

The Brighton College Family of Schools

Brighton College was one of the first UK independent schools to take its distinctive approach to education to markets beyond the UK. From the outset of this international development in 2011, when Brighton College Abu Dhabi opened, its driving ambition has been to ensure each new addition to their family of schools is recognisably a Brighton College school. The Brighton College International (BCI) group now has schools in: Abu Dhabi (2011), Al Ain (2013), Bangkok (2016), Dubai (2018), Singapore (2020), London (2023), Hanoi (2023), and Bangkok Vibhavadi (2025). Three new schools will be opening in continental Europe in 2027: Brighton College Madrid, Brighton College Rome and Brighton College Lisbon.

Brighton College UK

Brighton College – awarded the title of 'School of the Decade' by *The Sunday Times* – is consistently recognised as the UK's leading co-educational independent school. Academic results place Brighton College in the top 10 schools in England.

In addition to the 'School of the Decade' award in 2020, Brighton College has achieved numerous other recent accolades, such as: Most Forward Looking School in Britain (The Week); Top School in Britain for STEM Subjects (The Week); Best Sixth Form in Britain (The Week); Top School for A-levels 2025 (The Sunday Times) and Best 125 Private Schools Across the Globe (Carfax Education). Brighton College international schools across the world are also award-winning in their own right. Recent awards have included: Best New School in the UAE (BC Dubai 2024, Top Schools Awards); Top 10 Private Schools in the Middle East (BC Abu Dhabi 2024, Spear's Index); Best Early Years School in the UAE (BC Al Ain, Lux Education Awards); and Best New School (BC Singapore 2023, Singapore Education Awards). Brighton College schools have also been awarded the prestigious International School of the Year Award for the past two years: Brighton College Bangkok in 2024-25, and Brighton College Al Ain in 2025-26.

Brighton College International

Every Brighton College international school is a happy place, with a warm, inclusive and respectful community. They promote curiosity and a love of learning from the Early Years pupils, right through to the leavers at age 18. This is one of the reasons why Brighton College pupils achieve outstanding qualifications and go onto many of the world's top universities.

Academic endeavour alone is not the full story, however, and exam results, excellent though they are, do not fully reflect the richness of a Brighton education. This becomes clear through meeting the pupils: all visitors comment on their confidence - the right sort of confidence - which arises from their being encouraged to participate in lessons and the co-curriculum; to take an active interest in, and involve themselves with, the community beyond the school gates; to learn to collaborate and show one another kindness and respect. The schools constantly stress the importance of kindness and encourage pupils actively to seek opportunities to demonstrate their commitment to this vital quality.

Brighton College International has put in place the structure, resources and expertise to ensure the Brighton DNA prevails in all Brighton Schools. All Heads of schools receive appropriate support, whilst also having the necessary autonomy to lead their school and ensure it works most effectively in its local context.

All Brighton College Heads are invited to the annual Brighton College Heads' Conference as part of their professional development and to share good practice in leadership across the group. In addition to support with quality assurance from Brighton College UK, there are numerous instances of further collaboration within our family of schools. These include professional development for teachers, biennial Heads of Prep Conference, pupil competitions and trips, shared webinars and guest speakers.

Alumni from every school are part of the Brighton College Connect network, with several thousand members.

Pupils move into the Senior School in Year 7, where the curriculum is underpinned by the English National Curriculum, whilst incorporating many elements of the Brighton College DNA, such as Story of Our Land (integrated humanities), Entrepreneurship and Presentation Skills. The curriculum they follow is academically rigorous, and designed specifically for pupils learning in an international community, whilst maintaining a strong local context. At the end of Year 11, pupils will sit their IGCSE examinations.
